## What Is It

CATAPULT NOW is your always-on and always-expert ConnectWise operations team. Whether you're looking to offload technical tasks, streamline your instance, fix what's broken, or get ahead with smart automation—this premium service gives you direct access to senior ConnectWise engineers and consultants who know the system inside and out.

At Decision Digital, we understand that managing ConnectWise efficiently is critical to your MSP's success — but hiring and training a dedicated ConnectWise admin can be costly and risky. Our flat-rate managed admin program delivers expert-level PSA support and optimization at a predictable monthly price — with significant savings compared to typical hourly consulting fees.

## **Our Mission**

#### Tame The Tech

We streamline your ConnectWise world so it runs smoother, faster, and smarter—no heroics required.

#### **Call In The Experts**

Flat-rate access to the ConnectWise pros you already know (and actually like working with).

#### **Keep Getting Better**

Continuous tuning, automation, and insight so your systems—and your team—never stop evolving.
